REASON FOR THIS AWARD

We are honoring Neil for his years of service to the Congregations of Shaare Shamayim as a member of the Men's Club. He has been instrumental in the building of the congregational sukkah each year. He has also attended and participated in religious services on both Shabbat and on weekdays in person including the time during COVID. Additionally, he has led the yellow candle drive, and has been part of the kitchen staff that prepares, serves and cleans up after congregational meals that include Shabbat dinners, brunches and other special events. Finally, he has been an active member of the Men's Club board where he has contributed ideas and has kept the club going in a positive direction.

Neil and his wife Elaine have been synagogue members for 17 years and we look forward for them to remain members for at least another 17 years.
