WHAT MEN'S CLUB MEANS TO ME

It's been a great way to make connections with so many people at Temple Sinai and beyond. I've enjoyed all the events above, but most especially the people. It's also a great way to give back to the synagogue, Jewish Community, and broader community at large. I'm very thankful that Dave Kepniss asked me to be part of the Men's Club board in 2014.

REASON FOR THIS AWARD

Awarding Dr. Dan Rosenberg the Man-of-the-Year award was an easy choice. A member of Temple Sinai for the past 18 years, Dan has been an active member of the synagogue. He has served on the Board of Directors, on the Executive Committee. Additionally, Dan has served on many committee's and boards throughout the years - he's been Secretary of the Board of Directors as well as the Vice President of membership. He has served as the Head of the Holocaust committee, the education committee and vice-chair of the religious committee. Additionally, when the need arose, Dr. Dan Rosenberg served on our COVID reopening committee to ensure the safety and success of reopening our shul. The only position that seems to not be listed here is president of the Men's Club.
